

Nokia 110 4G

Better connected, better looking.

Key features:

With a reputation for quality handsets that aren't just reliable but are also built to last comes our latest, stunning-looking phone, the Nokia 110 4G. A future-ready phone packed with features such as; 4G VoLTE¹ connectivity, super easy to navigate zoomed menus and audio Readout² assist, wireless and wired FM radio, expandable memory, games and built-in torch and camera. Come to think of it, this isn't just a phone that looks good, it's a phone that makes you look good.

Hear the difference.

Above everything, a phone needs to do one thing exceptionally well - make and receive calls. With the Nokia 110 4G and its 4G VoLTE¹ voice capabilities, you get HD voice quality that is simply outstanding.

Simpler to use than ever before.

Life's too short to relearn how to use your new phone. So, we made the Nokia 110 4G easy to use. Zoomed menus make everything bigger and easier to navigate, while its Readout² feature turns text to speech to help you along the way. If only everything in life was this simple.

A phone that dials up the quality.

Doesn't take long to realise the Nokia 110 4G has been beautifully designed. Sleek, stylish and available in three amazing colours – Yellow, Aqua and Black. Its beauty is more than skin deep, with a reliable battery and a build-quality that's made to last.

Make the most of your spare time.

With a built-in camera, torch, classic games, full internet access, wireless and wired FM radio, video player - pause for a big breath - and expandable memory and MP3 player, there's never a dull moment when you own a Nokia 110 4G.
